To Whom It May Concern:

The Gorilla Wrestling Club has been in existence for thirteen years and each year our enrollment increases. Our club strongly believes that wrestling teaches kids many of the needed life skills so often lacking. The kids learn dedication, hard work, sportsmanship, responsibility, as well as individual perseverance. Because of this belief, our goal is to offer club wrestling to all who wished to attend, and give each one the individual attention they require.

The issue we are faced with, however, is that every year, the costs of equipment, uniforms, and operations keep increasing. We have adopted the commitment of allowing all young boys and girls to participate even without the necessary funds. We realize that if we raise our enrollment fee, we would have more money to operate with. Our club is very committed to keeping the fees as affordable as possible.

It is for this reason we ask for your assistance. We are asking area business leaders to consider contributing to an organization that would not only help operate the club, but also enable dedicated young boys and girls to fully participate in this sport, not matter what the income level the parents are.

We are asking for your support for these young people, in any size that you are willing to make. With your contribution, your company name and logo would be listed on our club website as a sponsor. You may view our website at www.gorillawrestlingclub.com.

Thank you for your time in considering this request and your willingness to help kids in our community.

Sincerely,

*Brian Fettig
Gorilla Club President/Head Coach*
